The Early American Steam Engine and Old Equipment Society Newsletter is published three times a year, January, April and August. Your membership dues help defray the cost of printing and mailing. Your mailing label on the opposite side should reflect your membership status. It should show the year and type of membership you hold. If your address label is incomplete, incorrect in any way, if you receive more than one copy in your household or if any other problems exist with it, please make corrections on the form below and return it to the address listed. If you are interested in a life membership, you must take care of that at the banquet, or Spring Fling or Steam-O-Rama weekends. Details and card are available only at those times. Regular membership dues can be sent any time, you must include a Stamped, Self Addressed Envelope to receive you membership card.

With a membership as large as ours it is hard to hear about injured or sick members, or deaths, etc. Please let any of the people above know of these situations so we can send out cards. Thank You.
